PRICE 2 CENTS.

MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human ailments is well known. Even the untutored Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weakness. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Dr. Pierce's Favorite Prescription. Tenders over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put out for sale through druggists for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains better alcohol than any other habit-forming drug. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the system. It is a powerful invigorating tonic, imparting health and strength in particular to the system. TO CURE ANY DISEASE,
The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newcomb's Hairdressing Cream not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Newcomb's. Sold by leading druggists. Send 10c in stamps for sample to The Newcomb Co., Detroit, Mich. Two sizes—50 cents and \$1.00. E. S. Leadbeater & Sons, Special Agents.

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The Kidneys, like the Heart, and the Stomach, and their weakness, not in the organ itself, but in the nerves that control and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative. It will cure you. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. Assaulted by a Negro.

At a late hour last night a posse was scouring the country in search of a burly negro who attacked Mrs. Minnie Spencer just after she had crossed the threshold of her home in Rosecroft, Md., near Washington, about noon yesterday afternoon. Mrs. Spencer is a young married woman, and it is due to her strength and pluck that she was able finally to fight off her assailant.

Throwing a heavy horse blanket over her head and drawing the thighs tightly down about her waist, as she stepped inside her house, the man threw Mrs. Spencer violently to the floor. A struggle followed during which the woman fought her assailant vigorously, her cries for assistance being smothered by the heavy folds of the blanket.

Finally freeing her head, Mrs. Spencer screamed for help, and the negro, taking flight, beat a hasty retreat through the back door of the home and across the fields to the west of the Spencer home. Mrs. Spencer gave the posse of citizens, which quickly formed after the attempted assault, an excellent description of the man.

According to Mrs. Spencer, after putting to sleep her two-year-old nephew, who is being cared for in the Spencer home, she went to a near-by house, the home of a colored woman named Washington, who at times is employed as a domestic by the Spencer family to arrange for having laundry work done.

When she left her home she did not lock the door, thinking she would be away but a short while. Half an hour or so later the woman started for her home. Walking quickly into the house, she met the negro.

Mrs. Spencer is suffering from hysteria and nervous shock, in addition to the numerous bruises and cuts on her face and body.

Out of Sight.
"Out of sight, out of mind," is an old saying which applies with special force to a sore burn or wound that has been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists, 35c.

Dentist Kills Wife.
Dr. Samuel S. Guy, a prominent dentist of Far Rockaway, Long Island, and for four years corner of the borough of Queens, shot and instantly killed his wife, Lillian M. Guy, in the dining room of their home at Far Rockaway, at 6 o'clock yesterday evening.

He fired two shots from a revolver in her left breast, just over the heart and she was dead when a policeman reached her side, a few minutes after the shooting. Dr. Guy is fifty-nine years of age, and his wife was fifty-two. He is now in custody.

The doctor had been on a spree, and it is said he was drunk when the murder was committed. Only a short time before the shooting he left a saloon across the street from his home. He was in a frisky humor.

Annie Hansen, a Norwegian servant girl, employed by Mrs. Guy, was the only witness of the tragedy. Her story to the police was that the doctor took off his coat in the hall or in his office at the front of the house just after he left the saloon.

Then he entered the dining room and passed into the kitchen, where he began to annoy the servant. Mrs. Guy took him back into the dining room, but in a moment he returned to the servant. Mrs. Guy again got him to the dining room. As the couple passed into the dining room and just before Mrs. Guy shut the door, she gave her husband a smart blow with the flat of her hand across the face.

The shooting took place a minute afterward. The girl says Mr. Guy had about time to walk into his office, where his revolver was, secure it, and return to the dining room. The two shots were fired almost together.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Preacher Whips Cowboys.
By thrashing two drunken cowboys who attempted to make him drink with them Rev. John McVey, a Methodist circuit rider and missionary working in the Hayes, S. D., field, has made himself the most popular preacher in South Dakota.

Mr. McVey was en route to a distant meeting-house last Saturday, and just after fording Black Creek was set upon by Weary Carney and Dag Temple, two well-known cowboys of the range. They attempted to make the preacher drink with them and threatened to pour the whisky down his throat. McVey, who is a college graduate, was on the football team while at school and is an all-around athlete. In a twinkling he had licked both men and so won their admiration that both went with him to the meeting. During services Temple arose and told of the occurrence, and he and Carney both promised to quit drinking.

A Criminal Attack
on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It is generally the result of the "appendix," following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

Visitors to the Vatican.

The most Rev. James E. Quigley, Archbishop of Chicago, was given a farewell audience by the Pope yesterday. The archbishop was accompanied by twenty-five Chicago students who were attending the American College in Rome. Archbishop Quigley entered the audience chamber alone and took leave of the Pope, who spoke highly of the development of his archdiocese, especially of the church extension movement, which he praised. The Pope said that as a sign of approbation he intended to send a special brief by the archbishop on the generosity the Chicagoans had shown in their offering of Peter's Pence.

Finally Archbishop Quigley mentioned the students waiting outside, and the Pope said: "I want them all in here. I am accustomed to crowds, and am not afraid of them, especially when they consist of students for the priesthood."

The students were received in the Pope's private room, being thus granted the privilege of a special private audience, which is unprecedented in Vatican etiquette. The Pope spoke in warm and affectionate terms of Mr. Kennedy.

The Pope's allusion to Mr. Kennedy's return to Rome is interpreted as a sign that he will remain in charge of the American College, and will not be elevated to a bishopric in America.
